Made a change and EOC is originating the web site. A statement is nearly finalized and they will use that on the web site in addition to lots of data/ maps, etc.

Need our R8 Internet site up and running for the public. Can use background we've got, meeting invite, and any updates from Chavez' draft doc. If pol rep can be posted OK on or site for public OK. But please let Joan and I see entire page first. Thanks!

Official PolRep Website is going up momentarily. If we still want a separate one, I drafted this to go above the August 6 statement, which will stay.

Please let me know your thoughts on having a separate website in addition to the PolRep one and the language below.
